- Fiber Glass and Painting of the Church Interior
- Replacing the Church Hanging Lights, with New Energy Efficient LED Lanterns
- New Stained Glass Door Transom Windows – Church Front Side Exits & Outside Sacristy Doors
- Uncover the Center Vestibule Stained Glass Window & Update Lighting
- Repaint the Church Vestibules, Sacristies, Restrooms, and Outside Doors

Parish Grounds:

- New Parish Center Front Yard and Rectory Driveway Light Poles/Lighting
- Seal & Repaint the Blacktop around the Parish Center/Preschool

St. John's Catholic Preschool:

- New State Approved Preschool Playground Equipment
- Preschool Air Conditioning

Church Storm Windows

Current

- Approx. 50 Years Old

After

- Work to be done by, Window Creations from Ottoville, Ohio

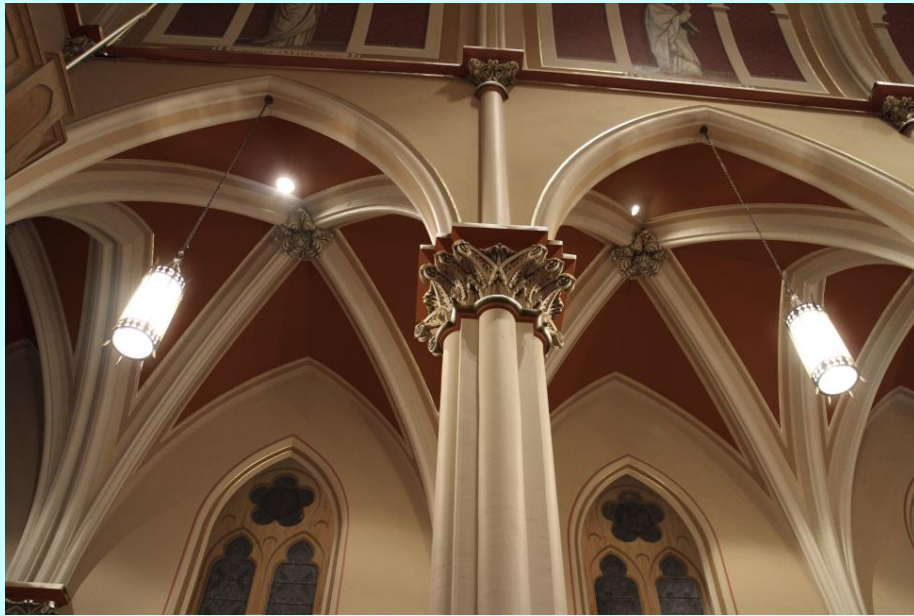

Church Fiber Glassing & Painting

- Work would be done by Conrad Schmitt Studios from New Berlin, Wisconsin.
- They have painted our church in the past, in 1921, 1942, & 1992.
- They also fiber glassed the exterior church walls in the mid-1990's & restored the Apostles in 2006.
- Fiber glassing helps extend the life of the paint. Our exterior walls are proof of that.
- In addition to repainting the entire church, the interior walls and ceilings will be fiber glassed.

Church Painting – Overall View

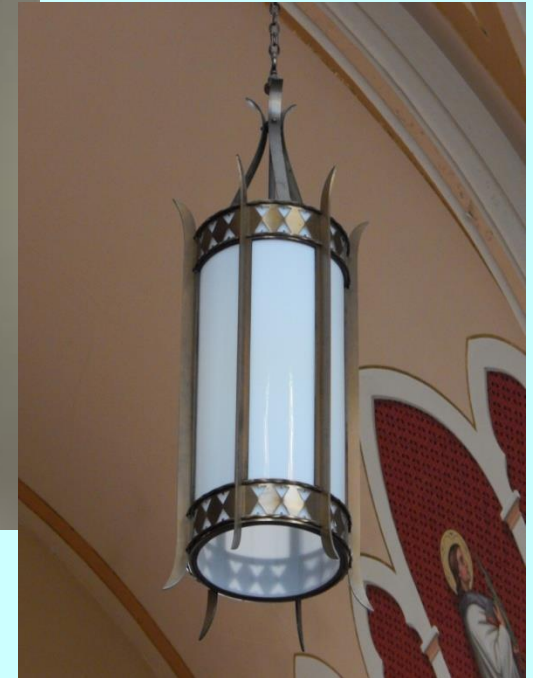

Church Hanging Lanterns

- The current art deco, hanging lanterns were put in during the mid-1960's.
- Each of the 11 current fixtures either use 500 watt or 750 watt light bulbs.
- The new hanging lanterns would be of a gothic style with a brass or bronze finish.
- Each new lantern would contain a LED light bar and only use 100 watts each.

New Hanging Lanterns

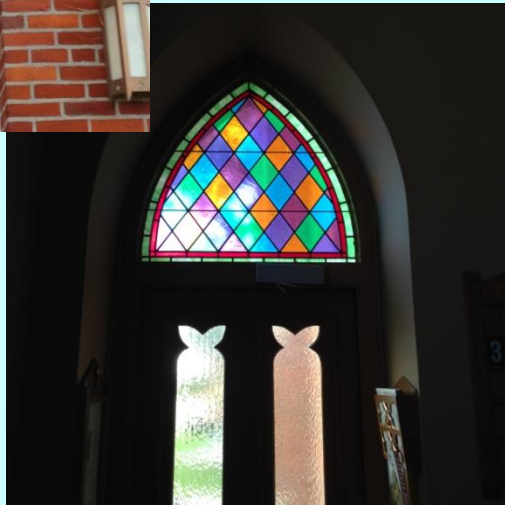

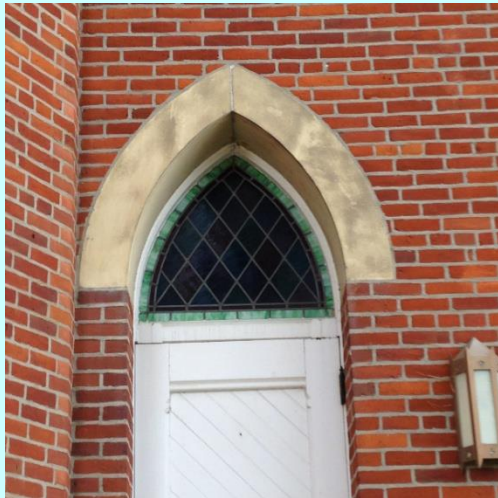

Current Hanging Lanterns

New Stained Glass Door Transom Windows

Current

This Window would go above the
Outside doors to each Sacristy

North Side Front Church Exit –
Immaculate Heart of Mary

South Side Front Church Exit –
Sacred Heart of Jesus

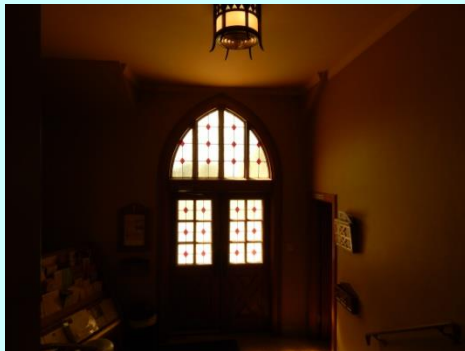

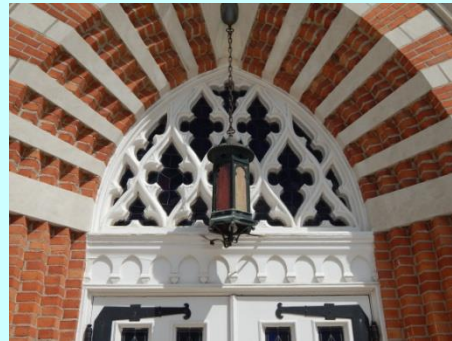

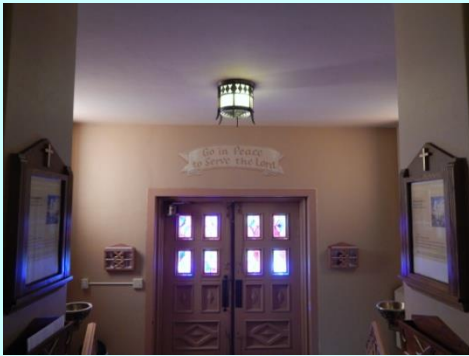

- Windows would be made by Conrad Schmitt Studios
- The current Diamond Stained Glass Windows were put in during the 1970's and replaced the Hearts of Jesus and Mary that were originally installed in the church.

Center Vestibule Window & Misc. Painting

Uncovering the Center Vestibule Window

Misc. Painting

- Other Church Areas to Paint:
 - The Back Church Vestibules
 - Priest & Server's Sacristies
 - The Restrooms
 - The Exterior side of the Church Doors

MISC. INFORMATION

- The Capital Campaign is being planned to Kickoff in April.
- The Projects are being divided into, two groups:
 - Needs and Enhancements – with the needs being completed first.
- In each group the Church Needs or Church Enhancements will completed first, before the other areas of the Parish.
- The Diocese has given us permission to proceed with our Capital Campaign after Easter.
